Floating Balls!! I have noticed that when you are at a group world and getting on people's chat heads they should be able to fly around like on normal. We need this because there are so many times where such a little bug would make these people mad if they were floating anywhere near them because they would not know what to say. Even though there are thousands of people in the group there should be more room for them to float. I think that there should be more than one chat head. I have seen people report this bug but it has not been fixed and I really want to see it fixed.
