On September 11, 2021, Roblox announced that they would be adding new systems to help curb and prevent problems like "Miner's Haven". They stated that users who are reported for breaking these rules will be put on a probationary moderation period, or P-mod. P-mods can say they had violated these rules for up to 72 hours. If the user continues to break the rules and continue breaking it after 72 hours, Roblox will issue a permanent ban for both the user and their account. The users who are in this moderation period will not be able to play Roblox games until 72 hours pass from when the user is released from the P-mod status. The users will also receive a warning from Roblox before they are released from the P-mod status.

Even though ROBLOX replaced many of its assets with assets from Awaited Studios for being sued by Dr. J for copyright infringement, ROBLOX did not do this to avoid paying royalties for all of the money that was earned by users who were using their assets in other games.

In Roblox I am required to be patient with my friends, because most likely they will not be online when I want to play with them. Posers are also another big part of the game where people pretend that they are someone else but if you tell them they can't do it then they will stop being so fake and start being their true selves again.

Some users have noticed that the Roblox logo is a direct parody of Microsoft's logo. The two logos are nearly identical in shape and color scheme. The only difference between the two logos is that Roblox's logo contains a "R" whereas Microsoft's does not. Another parody was made by RulaGames in 2021 called "Robux". This was a parody to show that everything on Roblox cost money.

HelloRoblox2 has been around for a while, and because of this, the robux it can send are easier to get. It generally only sends out 100-200 robux per day. We need this because there are so many times where such a little bug would make these people mad if they were floating anywhere near them because they would not know what to

say. Even though there are thousands of people in the group there should be more room for them to float. I think that there should be more than one chat head. I have seen people report this bug but it has not been fixed and I really want to see it fixed.

There have been many issues with the quality of some games and many users have complained that their game descriptions are not accurate.
